

Hi WHS Parents and Families, I hope everyone is staying positive and healthy. I am going to continue to send my weekly Sunday email during our time away from school to provide you with updates and resources. Here is some important information regarding the upcoming week:

Week of March 23rd – March 27th

Monday - Day 6 (of school closure)

Tuesday - Day 7

Wednesday - Day 8

Thursday – Day 9

Friday – Day 10

Events/Important Information

***Monday, April 6th** is the anticipated date for school opening. We will let you know ASAP if that date changes.

*In response to the prolonged closure of our schools, our teachers will be providing suggested online learning opportunities for the students in each of their classes using their online platforms (ex: Google Classroom, Schoology, etc). Teachers will be posting suggested assignments/opportunities every few days. At this time the assignments are not mandatory and will not be graded but we strongly encourage students to engage in this work. The purpose of this work is to continue the learning process and maintain the home-school connection. Our short term plan of engaging our students and providing them with educational opportunities is similar to the approach taken by other school districts. This plan will be in place from now until April 6th. We will adjust this plan accordingly if the school's closure goes beyond that date.

*The purpose of these engagement opportunities and resources is to review and provide enrichment of previously learned material, and exposure to new material. We do not expect that our students will master new material and work will not be graded. Our goal is for students to explore topics and review materials with the hope that they will be prepared to return to school when the time comes.

*The work provided by teachers will not be graded. Students will not be “behind” their classmates if they do not complete assignments during the school closure. However, by completing and submitting assignments, students will provide teachers with data that will allow them to provide daily feedback and help them eventually transition students back to school.

*The engagement opportunities that we are providing for our students should not be another source of stress for them during this difficult time. If your student needs additional support because of their stress or anxiety regarding their school work, please reach out to their teacher and/or guidance counselor. Additionally, our School Adjustment Counselor, Nurse, and School Psychologist are available via email.

*[Click here](#) for a list of all WHS teachers (including contact information), their courses, and the online learning platform that they are using to provide learning opportunities for their students.

***FOR SENIORS:** WHS Scholarship Applications are available on the [Guidance Website](#). All Senior students have been made aware of the scholarship application process and due date. **The deadline for the scholarship applications that are posted on our website is Friday, April 10th. Applications will not be accepted past the due date.**
