

I have been a teacher at the Winthrop Public Schools for 16 years. I am currently a Reading Specialist in grades K-2 and I am passionate about teaching reading! I received my bachelor's degree and master's degree in Early Childhood Education from Salem State University. I also hold a CAGS degree in Reading. Before becoming a Reading Specialist, I taught first grade for five years.! In my spare time, I enjoy attending my son's sporting events and watching my daughter perform in shows. I look forward to working with you and your child this school year. Please email me with any questions!
